

Year 1 Homework Challenge Week Beginning 20.06.2011

Please could all children bring in an empty two litre bottle or an empty milk bottle to use in our DT lesson on Thursday.

For maths, it would be great if children could carry on practising counting in 2s, 5s and 10s. If they find this easy, a harder challenge is to start on different numbers and to count up and down.

Thank you for all the flower homework, they were fantastic!

**Have fun,
Year 1**
