

Year 2 Homework

*This week it would be really helpful if all children could practise the alphabet. We have learned a new tune that they will be able to teach you!

If your child is already really confident with the alphabet you could try looking words up in a dictionary to show how useful knowing the alphabet is.

* We have been checking that we know number bonds for all pairs of numbers up to 10 and 20. It would be great for the children to be practising this at home too.

**Thank you,
Year 2**

If you visit the school website and follow the link at the top of the page, you will find lots of pictures of us smoothie making!
